“I tell anyone who has dealt with contractors that don’t show up or call, that Mr. Contractor will change your mind and will make you extremely happy. I simply cannot recommend Mr. Contractor enough.” ~ J. DiGenova (2013)

Kitchen Renovation

Unlike any other home remodeling project, kitchen renovation encompasses so many things that it can easily overwhelm even the most determined homeowner. However, a fine kitchen remodel instantly raises the value of your home, provides you with a more effective cooking space, and makes you the envy of all of your friends. Kitchen remodeling projects, whether modest or comprehensive, offer a return on investment of about 100% or more. Mr. Contractor is the solution to beginning this tough-but-rewarding project.

Basement Remodel

Most basements are little more than a place to cultivate cobwebs and store cans of paint. The lowest floor of your home probably has loads of potential. Treat it just as you would any of the rooms above-ground, and it might just become the most popular spot in the house. Fixing up a basement can dramatically increase the usable living space in your house at a far lower cost than adding on. Remodeling an existing basement starts at a fraction of what it costs to build an addition or enlarge second-floor space with dormers. When it comes to basement remodeling, Mr. Contractor has the extensive knowledge and industry experience.

Bathroom Makeover

Are you interested in remodeling your bathroom? If so, you are not alone. Each year, thousands of homeowners make the decision to remodel their bathrooms. One of the most cost-effective improvements you can make is to remodel your bathroom. It improves your home's comfort and livability and adds to its value. The process of remodeling a bathroom can be time consuming and messy. Whether you have 1 or 20 bathrooms, knowing what to expect and hiring Mr. Contractor can make all the difference.

Services

We do everything. Here are some services we offer:

Kitchen & Bathroom Remodeling • Decks & Porches • Custom Woodworking • Finished Basements • Window & Door Replacement • Stucco & Vinyl Siding • Replace or Repair Roofing • Skylights • Garage Doors • Concrete Sidewalk & Walkways • Gutters & Drainage Systems • Framing • Sheetrock • Painting • Glass Block • Carpentry • Fireplaces • Chimney Repairs • Custom Cabinetry • Custom Millwork • Hardwood Flooring • Ceramic Tile Flooring • Ramps & Stairs • Crown Molding & Wainscoting • Post & Beams • Plumbing & Electrical Repairs • Handicap Upgrades (ADA Compliant) • HVAC systems • Fences • Fire Restoration • Insurance Repairs • Sunrooms • Shutters

Window Replacement

Homeowners are attempting to reap both immediate and long-term value from their remodeling dollars. Window replacement represents one of the more substantial investments you can make in your home. The replacement of old or under-performing windows can effectively reduce your monthly utility costs and give your home a bit more curb appeal. There are a wide variety of window replacement options to choose from, including vinyl, storm and custom wood windows as well as bay and bow windows.

Deck Addition

Outdoor living spaces can increase your home's appeal at a lower cost than an additional room. A deck may not be the easiest project, but the years of enjoyment a deck provides make the effort worthwhile. Installing a rooftop deck has become very popular. Putting in a rooftop deck can provide you with several benefits. Aside from adding value and appealing to buyers, a rooftop deck potentially adds a nice view to your house by providing a great vantage point of the surrounding area. Mr. Contractor can plan a deck around your ideas and work within your budget.
